BITS&PIECES

VILLA LEGA
Glamour right on the beach in Batubelig

Located in the Batubelig region of Seminyak, Villa LeGa, built in 2009, is luxurious without being pretentious and this beachfront villa is styled to be both comfortable and chic. The double-storey Villa LeGa is built around a central 12-meter swimming pool, which takes up most of the garden space. It boasts five ensuite bedrooms each possessing massive beds and flat TV screens; they are furnished in a simple, elegant style with just a dash of glamour added with sparkling accents on cushions and throws. The touches of glamour can also be found in the white all-weather loungers and daybeds to be found both around the pool and on the upstairs deck overlooking the ocean. Villa LeGa presents the type of living space that allows you to put your sandy feet up after a walk on the beach, and feel right at home the moment you step inside, without ever compromising on style and taste. Contact www.bhm villas.com for more details.
